Item #: \_\_\_\_\_

Model #: \_\_\_\_\_

Quantity: \_\_\_\_\_

### Specifications

**S** Heavy Duty Shelving is produced from 16GA type 300 series stainless steel, with double-folded shelf edges turned down 90 degrees and in 180 degrees. Stainless steel gussets are welded to the underside of each edge of the shelf and secured to posts with posi-loc screws.

Posts are 1 $\frac{5}{8}$ " OD tubes, 16GA type 300 series stainless steel, with top caps, and adjustable stainless steel feet. All shelving units and components are NSF approved and all exposed surfaces finished brush satin.

### Product Guide

S shelves are for large institutional or commissary or where equipment abuse is likely. It withstands heavy loads with years of maintenance-free use.

Easily assembled and adjusted.

Solid surface design permits quick clean up of spills. Large louvers allow uniform temperature distribution.

Stationary units have stainless steel posi-grip adjustable foot inserts.

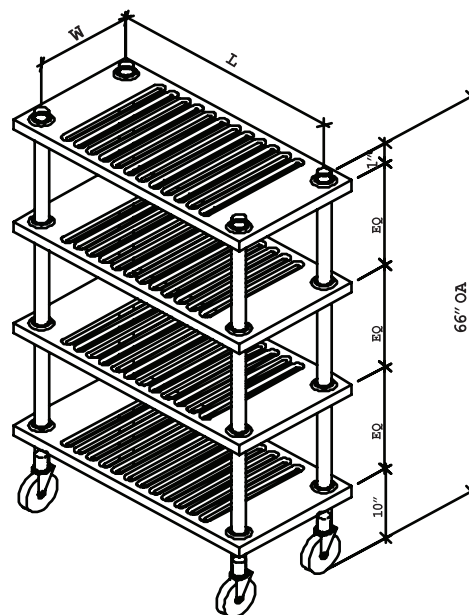

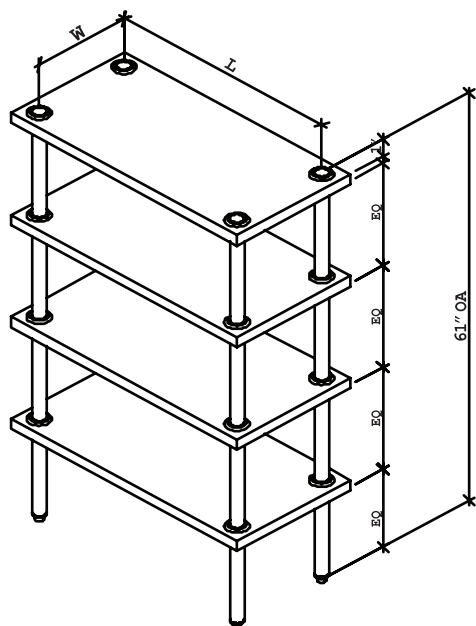

Mobile units provided with 5" casters. See selection guide and information.
